

JFDCPA Advisors*

John F Diddams B Com, FCPA, FAICD

Current Engagements – June 2021

Principal of **JFDCPA Advisors**, providing corporate and financial consultancy and Non-executive Director services to SME companies, including to manage the process for an IPO, raise capital and list on ASX.

More at www.jfdcpcpa.com.au and [linkedin.com/in/johnfdiddams/](https://www.linkedin.com/in/johnfdiddams/)

Non-Executive Director (October 2015 to present) for Wellington, NZ based **Volpara Health Technologies Limited** (ASX:VHT), VHT is a health technology software company founded in 2009 on research originally conducted at Oxford University, incorporating clinical functions for screening clinics to provide feedback on breast density, compression, dose and quality, while its enterprise-wide practice-management software helps with productivity, compliance, reimbursement, and patient tracking.

Managed the process to raise \$10m via an IPO with ASX listing in April 2016 and assisted with management of capital raisings for a further \$132m over the past 5 years to fund two US acquisitions and organic growth. For more, see; www.volparasolutions.com

Non-Executive Director (November 2019 to present) for Auckland, NZ based **Aroa Biosurgery Limited** (ASX:ARX).

Aroa designs and manufactures **Endoform**, a proprietary soft tissue regeneration technology to improve the rate and quality of healing in complex wounds and soft tissue reconstructions. Aroa's products have received certification by the FDA in US and CE in Europe, being its principal markets.

Managed the process to raise \$45m via an IPO with a successful listing on ASX in July 2020.

Non-Executive Director (November 2019 to present) for **Surf Lakes Holdings Limited**. Surf Lakes is an unlisted public company which has developed a technologically advanced wave-generating device and reef designs to enable surfing for all levels of participants, regardless of weather and other conditions. The company commenced in July 2016, is headquartered on the Gold Coast in Australia and offers territory licenses to operators of theme, amusement and watersports parks, as well as real estate developers, around the world.

Surf Lakes has built a full-scale working prototype to demonstrate its "5-waves" technology at its R&D facility in Yeppoon, QLD, which is being used to test and refine the technology, as well as provide demonstrations to potential licensees.

Non-Executive Director (December 2020 to present) for **DIT AgTech Limited**. DIT is based in Toowoomba, Queensland, and has a number of innovative and patented technology solutions, focused primarily on nutrient supplementation for livestock, utilising “Internet of Things” (IoT) technology and devices over mobile and satellite connectivity, to sustainably grow food at scale to feed a growing global population. DIT has developed unique dosing technology that allows proportional dosing of essential nutrient supplements into the livestock drinking water, which improves animal body weight and condition, provides significant cost-savings and improved productivity for producers, reduces the impact of grazing on the environment and enhances animal welfare.
